Concerning the **presentations**, the scientific council of the conference proposes a standard framework of questions that can be used by the moderators and the speakers. This framework is optional and allows you to question the experiences that you will share and also have transversal questions throughout the conference.

Please arrive 20 minutes before the beginning of your intervention in order to be prepared. In each site there will be a member of the organization team who will be able to indicate the location of the sessions.

If you want to project a presentation, it must be in PDF. We propose a short framework for your presentations in attachment, prefer images to support your intervention (several sessions are translated into English, French, Spanish and Portuguese, however, others do not count with simultaneous translation) : <https://docs.google.com/presentation/d/1PTa3FXIEC5jB-RitsOEhZ8inrEakQ2kl/edit?usp=sharing&ouid=113630217339518501647&rtpof=true&sd=true>

We look forward to seeing you in Grenoble, to think and act for democratic, social and environmental transitions.

Best regards
