DECEMBER 7 /10, 2022

TOWARDS A RENEWED
DEMOCRACY IN THE
FACE OF THE **ECOLOGICAL,**
HEALTH AND **SOCIAL** CRISIS

21ST IOPD CONFERENCE

INTERNATIONAL
OBSERVATORY ON
PARTICIPATORY
DEMOCRACY

Take
action!

You are in Grenoble !

We are immensely proud to welcome the 21st IOPD Congress in Grenoble. Hosting the world summit on participatory democracy is an honor and a great responsibility !

Here, we have experienced, developed and shared new solutions in order to multiply citizen participation in public life. We invested several million euros for our Participatory Budgeting Projects, we have opened them to people aged 16 and more and to foreign inhabitants who live in Grenoble, no matter where they come from or what their administrative situation is. More, we've opened more than 60 public worksites for the people of Grenoble to be able to actively participate in the city's great changes. Last but not least, step by step we've built a strong mechanism for public petition : as soon as a petition reaches 50 signatures, inhabitants can start a mediation on every suitable topic and citizens can even decide on a topic that should be voted by our City Council. These radical changes have been inspired by the fruitful exchanges we have had with IODP members for several years. In 2022, Grenoble is the Green Capital of Europe, therefore we hope that this 21st edition will give us collective solutions to address the challenges of the 21st century.

We wish you a good work session !

Eric Piolle, Mayor of Grenoble

Annabelle Bretton, deputy-mayor in charge of participatory democracy

Emmanuel Carroz, deputy-mayor in charge of international relations
