

**free open-source participatory democracy
for citizens, cities and organizations**

Bru Aguiló

Decidim Board Member - Advisor of the MP for Democratic Innovation and Participation in the Barcelona Provincial Council.

Río de Janeiro, 2023

decidim

Decidim es una plataforma para la **participación híbrida**

Decidim ayuda a la ciudadanía, organizaciones e instituciones a **auto-organizarse democráticamente** a todos los niveles

Innovación democrática de código abierto para ciudades, gobiernos y organizaciones

Decidim is a digital platform for citizen participation

Free/libre, open and safe technology.

With all democratic guarantees.

Reprogramming democracy is now possible with Decidim.

Memòria, justícia i reparació: Canvi de nom de la Plaça Antonio López per Plaça Idrissa Diallo

Sol·licitar la celebració d'una consulta ciutadana

28-12-2017 - 28-02-2018

[QUÈ ÉS?](#) [QUI ERA IDRISSA?](#) [QUI SOM?](#) [PER QUÈ EL CANVI DE NOM?](#) [RECOLLIDA DE SIGNATURES](#) [CONTACTA](#)

Aquesta iniciativa ciutadana només recull signatures presencials.

Memòria, justícia i reparació: Canvi de nom de la Plaça Antonio López per Plaça Idrissa Diallo

~ Tanquem els CIE 28/12/2017

Està vostè d'acord amb que es canviï el nom de la Plaça d'Antonio Lopez pel de Plaça d'Idrissa Diallo com un acte de reparació històrica?

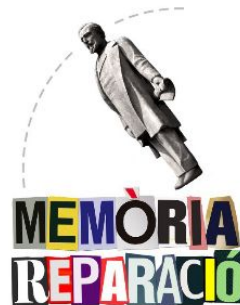

El col·lectiu **Tanquem els CIE** proposem als veïns i veïnes de Barcelona substituir el nom de la **Plaça Antonio López** pel d'**Idrissa Diallo**, amb la finalitat de reparar simbòlicament la seva mort, commemorar les lluites i resistències migrants i qüestionar i trencar el costum d'honar la tradició esclavista catalana mitjançant estàtues i plaques a la nostra ciutat.

Comencem! Ens ajudes?

Cal que recollim 15.000 signatures perquè puguem preguntar als veïns i veïnes de Barcelona si volen canviar el nom de la plaça, en un exercici col·lectiu de reparació i memòria. **Ens ajudes? Vine el dissabte 13 de gener** per signar i poder ser fedatària de la recollida de signatures.

CANVIEM EL NOM
DE LA PLAÇA
ANTONIO LÓPEZ?

Hem posat en marxa una consulta popular dins del marc del «**Decidim Barcelona**». **Cal que recollim 15.000 signatures** perquè puguem preguntar als veïns i veïnes de Barcelona si volen canviar el nom de la plaça, en un exercici col·lectiu de reparació i memòria. **Ens ajudes?**

Participatory spaces

Components

Participatory spaces

Components

Spaces for participation

- Participatory processes**
- Assemblies
- Votings
- Initiatives

To democratize common issues, step by step

Processes is a space that allows to create, activate/deactivate, and manage various participatory processes. These are distinguished from other spaces by being structured in different phases within which all of the components can be incorporated. Examples of participatory processes are: an election process for members of a committee, participatory budgeting, a strategic planning process, the collaborative writing of a regulation or norm, the design of an urban space or the production of a public policy plan.

- Blog
- Others

proposals your ideas in detail

The proposals component allows the user to create a proposal using a creation wizard, compare it with the existing ones, publish it on the platform and include additional information such as geolocation or attached documents and images. This component also allows you to navigate, filter and interact with a set of proposals. In addition, with the proposal-incubator you can create collaborative proposals.

results no proposal without an answer

The results component is used to turn proposals into results and give official responses concerning their acceptance or rejection, merging various proposals into a single result.

voting decide your vote

The voting component offers organizations the possibility of activating different voting or support systems around proposals: unlimited, limited to a given threshold, weighted, cost-based, etc.

accountability transparency from beginning to end

The accountability component offers the possibility of subdividing results into projects, defining and applying progress statuses around their implementation, as well as displaying the extent of the results' implementation grouped by categories and scopes.

/How it works

Proposals

To articulate the participation

- Flexible unit of participation
- Ideas, contributions, thoughts, proposals, projects
- Multiple ways to interact
- Multiple ways to navigate

The screenshot displays the Decidim Barcelona interface. At the top, there is a navigation bar with the logo, a search bar, and user options like 'Català', 'Admin', and 'Edita'. Below this is a main banner for the 'Procés participatiu del Programa d'Actuació Municipal (PAM) 2020-2023'. A prominent red button labeled 'VEURE LES PAGES' is visible. The main content area shows a list of proposals under the heading '5226 PROPOSTES'. A sidebar on the left allows filtering by 'ESTAT' (Accepted, In evaluation, No response, Withdrawn), 'AMBIT' (Town, City), 'TEMA' (Topics like Education, Social Rights, etc.), and 'ORIGEN' (Town, City Council). The proposal list includes details such as the title, date, and a 'VEURE PROPOSTA' button for each item.

Monthly community calls to discuss features of Decidim

Carol Romero | 13/11/2020 17:38 | 7 comentarios | 9 adhesiones |

How would you feel about organizing a monthly virtual call to have some discussions on specific topics?

For example, most of you know that next year we want to carry out an in-depth review of the platform's participant experience. We already have some ideas and prototypes of what some of those changes could look like (in the filter system, in the card system, etc.) and would be cool to discuss them.

Or debates like the one that @Ferranrg suggested here:

- Admin log

Processos

Un procés participatiu és una **seqüència d'activitats participatives** (p.e. primer omplir una enquesta, després fer propostes, debatre-les en trobades presencials o virtuals, i finalment prioritzar-les) amb l'objectiu de **definir i prendre una decisió sobre un tema específic**.

[← Torna a la pàgina de procés](#)

FASES DEL PROCÉS

1

12-11-2021 - 22-11-2021

Informació i presentació del procés participatiu

La fase d'informació i presentació del procés participatiu comprèn les següents accions:

- Informació de l'inici del procés al Consell de Barri del Poble-sec.
- Constitució de la Comissió de Seguiment del procés participatiu.
- Producció de cartellera específica amb les sessions i activitats del procés participatiu.

2

23-11-2021 - 30-04-2022

Debat ciutadà sobre la proposta de modificació del planejament

Durant la fase de debat ciutadà es preveuen les següents activitats:

- Sessió inicial de presentació del procés i de la modificació de planejament que proposa l'Ajuntament.
- Sessió de debat sobre necessitats ciutadanes vinculades a l'activitat econòmica i comercial; habitatge i equipaments.
- Sessió de debat sobre les conclusions del procés participatiu.

3

01-05-2022 - 31-05-2022

Retorn i seguiment

Durant aquesta fase es validen les conclusions del procés participatiu en el marc de la Comissió de Seguiment i s'expliquen en els espais i òrgans de participació que corresponguin, com ara el Consell de Barri del Poble-sec.

Cal tenir en compte que, previsiblement a partir del mes de febrer del 2022, està previst que s'iniciï una segona fase del procés, promoguda pel Pla de Barris, per a la dinamització dels espais públics de l'entorn dels edificis i del Parc de les Tres Xemeneies.

Assemblies

Una assemblea és un **grup** format per membres d'una organització **que es reuneixen periòdicament** per prendre decisions sobre un àmbit o àrea específica de la mateixa.

The screenshot displays the Decidim interface for assemblies. At the top right, there is a 'Help' button. The main content is divided into two sections: 'HIGHLIGHTED ASSEMBLIES' and '3 ASSEMBLIES'. The 'HIGHLIGHTED ASSEMBLIES' section features a large card for 'Community Meetings' with a description: 'Community Meeting space is a productive ecosystem, where citizens can think, prioritize development lines, decide on improvement projects and discuss the uses and future possibilities of the Decidim platform. It is aimed at empowering citizens to appropriate the tool, contribute to its development and be co-participate in its construction.' Below the text is a 'More info' button and a 'TAKE PART' button. To the right of the text is a video thumbnail showing a group of people in a meeting, with a 'TAKE PART' button overlaid. The '3 ASSEMBLIES' section has a 'Show: All types' dropdown. Below this are two filters: 'SCOPES' with a 'Select a scope' dropdown and 'AREAS' with a 'Select an area' dropdown. The list of assemblies includes: 1. 'Community Meetings' (37 followers, 8 assemblies, Participatory type, TAKE PART button). 2. 'General Assembly of the Decidim Association' (41 followers, 3 assemblies, Government type, TAKE PART button, with an 'Upcoming meeting' on 17 MAY 2022 - 17:00 - 18:00). 3. 'LAB Metadecidim' (28 followers, Consultative/Advisory type, TAKE PART button, with an 'Upcoming meeting' on 03 JUNE 2022 - 09:30 - 14:00).

Consultes

Les **consultes** són un espai que permet realitzar una **pregunta clara** a totes les persones que formen una organització i ordenar el **debat a favor o en contra** d'una resposta. Permet **votar i publicar els resultats** de les votacions.

Decidim the future

Future challenges

International challenges of the project

- International extension
- Community sustainability
- International governance
- Scalability

We suffer under a lack of public space. It's particularly important that we reclaim these public spaces for us. Open platforms such as Decidim do exactly that. Is not only that is open source so other people can fork it, reuse it and build a process. It also has these values that we want to reflect in our society encoded in the way it's designed.

Kasia Odrozek
Mozilla Foundation

Thanks to Decidim, in Barcelona we have managed to co-produce a strategic city plan together with the citizens. In 2016 we inaugurated the Municipal Action Plan in the form of a participatory process through Decidim Barcelona. Currently, this plan includes almost 7 thousand citizen proposals. One of the advantages of using this platform is that you can monitor at all times the state of implementation of the approved proposals.

Gala Pin
Barcelona City Hall (2015-2019)

The process started in October 2019 at the European Commission's DG Communication and eDemocracy unit at the Joint Research Centre, the European Commission's science and knowledge service. An analysis of the needs of the Conference and which tools fit those, lead to choosing the open source tool Decidim for its technical maturity, broad community and adaptability.

Sivan Pättsch
OpenForum Europe Research Director, European Union

Promote digital infrastructures for the future of democracy

- Data + Networks + Citizen Engagement + Public Policies + Collective Intelligence + Fight for city inequalities + federation + distributed digital and democratic infrastructures

Opsroom o Sala de Operaciones de Cybersyn

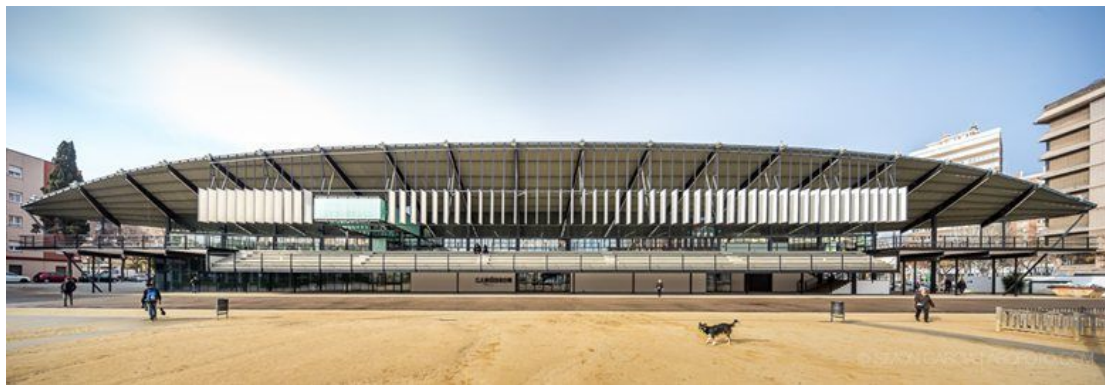

Extend a citizen participation & technological model

Barcelona City Participation Platform

/decidim.barcelona

150,000 participants
28,200 proposals
33,700 comments
4,000 meetings
100 participatory processes
200 participatory councils

The screenshot displays the 'PROCESOS ACTIVOS' section of the website. It features four cards representing ongoing participatory processes:

- Presupuestos participativos de Barcelona**: Fase activa Impulso y seguimiento de los proyectos.
- MPGM Mercedes-Benz del Bon Pastor**: Fase activa Validación Métrica.
- El futuro de los edificios de los Tres Xemeneies**: Fase activa Debate ciudadano sobre la propuesta de modificación del planeamiento.
- Estrategia de Alimentación Sostenible Barcelona 2030**: Fase activa Presentación.

A red button labeled 'VER TODOS LOS PROCESOS' is located below the cards.

The main banner features a background of strawberries and the text: 'Hacia la transformación del sistema alimentario' and 'Estrategia de Alimentación Sostenible Barcelona 2030'. A red button on the right says 'PARTICIPA EN LA ENCUESTA'.

The 'PRÓXIMOS ENCUENTROS' section lists three upcoming events:

- Retorn de les propostes recollides**: 10 mayo 2022 - 18:00. Órgano: Zero espais ocursos en Gracia.
- Comisión de Seguimiento Fort Pienc. Mayo 2022**: 10 mayo 2022 - 18:30. Órgano: Consejo de Barrio del Fort Pienc.
- Consejo de Barrio. Mayo 2022**: 10 mayo 2022 - 19:00. Órgano: Consejo de Barrio La Teixonera.

A map of Barcelona is shown on the right side of the 'PRÓXIMOS ENCUENTROS' section, with red location pins indicating the meeting points.

[decidim.barcelona/participatory budgeting](https://decidim.barcelona/participatory-budgeting)

Barcelona's Participatory Budgeting (2020-2023)

- 30 million euros
- 1,982 citizen proposals (823 selected to prioritize)
- 375 meetings
- 73,490 interactions (20,772 face-to-face and 52,718 through Decidim.Barcelona)
- + 50,000 new participants in Decidim
- 39,433 people took part in the final vote, casting a total of 216,628 votes (each participant voted an average of 5.6 projects).

Projectes seleccionats per districtes

Pressupostos participatius 2020-2023 | Resultats de la fase de votació

→ In 2020, the city of Barcelona launched for the first time a Participatory Budgeting process, in which citizens directly decided how to spend part of the public budget in each district.

→ The available budget was 30 million euros.

PHASES OF THE PROCESS

→ A group of young girls play cricket in a municipal facility that is not properly equipped for the practice of this sport.

A real story

- They made a proposal to improve and refurbish the playground for cricket practice.
- They explained the shortcomings of the facility, and argued that, although it is a minority sport, its practice has increased in recent years.

[← Return to list](#)

Reform of the Julià de Capmany Sports Field for the practice of minority sports

Ana | 21/05/2020 14:46

- Brief description:

Conditioning and refurbishment of the Julià de Capmany Sports Field for the practice of minority sports, mainly Cricket-

-Extended description:

We are a group of young people who practice Cricket 11 as part of the *Criquet Jove project at Bcn and Convivim Esportivament* and we train every Saturday at Camp Julià de Capmany, in the Sants-Montjuic district, like many other cricket teams.

The conditions in which this field is located are not suitable for the practice of the sport. Many times we have not been able to train due to the deterioration of the facilities of the track and the environment. The floor is in very poor condition and we may be injured. There is no storage space or locker room, no water point.

The demand for playground cricket has grown in recent years. In Barcelona there are about 400 players and cricket players organized in more than 25 teams, without any adequate space to be able to train or play matches.

Given these circumstances, we propose a comprehensive reform of the field, conditioning the space to the needs of Barcelonans who practice minority sports who can share the same design of the space. A series of equipment would be needed: a low grass floor, water point, lighting, changing rooms, seating areas, a module to leave the material, among other things.

Football-mad Barcelona votes to build cricket oval

A public vote to create a €1.2m ground took the city's authorities by surprise, but the sport has become increasingly popular there

📷 The Barcelona players see themselves as ambassadors for the sport. Photograph: @Xavier Jubierre/eldiario.es

When **Barcelona** gave its citizens the chance to vote on a €30m package of new facilities ranging from cycle lanes to playgrounds, officials were stumped when the proposal that got the most votes was the creation of a cricket ground.

The crack of leather on willow is not a sound you associate with the Catalan capital, but out of 822 projects, the cricket ground got the most votes. This was all thanks to a campaign led by a group of young women.

“It all began three years ago in secondary school when the gym teacher said: ‘Right, we’re going to start a cricket club out of school hours. Who’s up for it?’” said Hifsa Butt, 20, the eldest of the group.

A real story

→ In the end, this project was the second most voted in its district.

Reformamos el campo deportivo Julià de Capmany para la práctica del críquet y deportes minoritarios

Inicio	2021-07-01
Fin	2023-10-31
Estado	Redacción inicial
Descripción	Redacción inicial del proyecto. Incluye las siguientes actuaciones: Estudios previos, concurso de arquitectura, contratación y redacción del anteproyecto.

Progreso: **30 %**

Descripción breve: llevar a cabo una reforma integral de este campo deportivo, para que podamos practicar críquet 11 de una manera segura y adecuada y lo podamos abrir a otros deportes minoritarios.

Descripción ampliada: Las condiciones del campo son inadecuadas para practicar este deporte: el entorno y la pista están muy deteriorados, el pavimento presenta un estado lamentable y corremos el riesgo de lesionarnos. No hay ningún espacio para guardar el material, ni vestuarios, ni ningún punto de agua.

Últimamente ha aumentado la demanda de espacios para la práctica de este deporte. En Barcelona hay unos cuatrocientos jugadores y jugadoras de críquet, organizados en más de veinticinco equipos, y no dispones de ningún espacio adecuado para los entrenamientos ni para los partidos.
