## NA MINHA RUA LX | IN MY STREET LX

- Here you can point out problems in green and public spaces, housing or municipal equipment that need intervention of the Lisbon City Council or the District Councils.

## LISBON in DEBATE | Lisbon values your voice

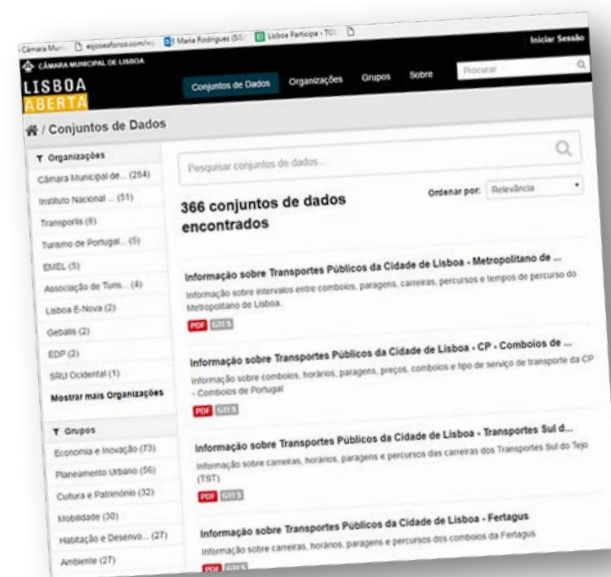

- In this area, information is available so that citizens can express a free and informed opinion, namely in Public Consultations and Thematic Consultations.

## OPEN LISBON | Open data

- Here are available data sets produced by municipal services and partners of the city;
- Empowering citizen participation, encouraging re-use and sharing of data, stimulating entrepreneurship and innovation.

## CITIZENSHIP FORUM | Lisbon with rights

- The **4th Citizenship Forum** was held last year, where it was approved the **Lisbon Charter** for the rights and responsibilities of children, youngsters and the adult population.

# ASSESSMENT PB (2017/2018 Edition)

## Proponents questionnaire

[WWW.LISBOAPARTICIPA.PT](http://WWW.LISBOAPARTICIPA.PT)

### Results summary

- The majority of proponents regularly take part in Lisbon PB.
- They became aware of PB mainly through social networks and the City Council website.
- They preferentially used the Lisboa Participa online platform to submit proposals and to vote.
- The great majority of respondents are between 30 and 49 years old, have higher education and both live and work in Lisbon.
- They consider Lisbon BP very important and a majority intends to participate again

# JUNTOS DECIDIMOS

## 11th Edition - The Participatory Budget 2018/2019

The evaluation made to the previous edition indicate the need for the OP project to be **more inclusive** — justifying the use of face-to-face sessions aimed at young, senior and migrant publics, as well as CML's own employees —, **more shared** —involving local districts throughout the entire process, including them not only at the implementation phase but also at early stages, like the technical analysis phase — and **more participative** — promoting the self-organization of participatory sessions by citizens, through "public participation kits" provided by the Municipality.

There is therefore a **need to de-digitalize**, through the reinforcement of the organization of Participatory, Territorial and Thematic Sessions, with a view to mobilizing all citizens to present more in-depth proposals, value to the city, involving the community in general;

# JUNTOS DECIDIMOS

## Three main proposals for this year edition:

**1) Organization of nearly 20 decentralized participatory sessions for young people from 16 years old, older people and migrants**

**2) Promotion of greater involvement of the 24 Lisbon District Councils, namely:**

- In the Technical Analysis phase of the proposals;
- In the Execution of winning local projects;
- Celebrating a protocol in each edition, whenever there is interest on the part of one or several Parish Councils, into delegating these stages of the process.

# JUNTOS DECIDIMOS

## 3) Distribution of “Public Participation Kits”

On the kit you can find the following materials:

- Explanatory document of the Methodology to be used to perform a Session
- PB Participation Rules 2018/19
- Submission Form (if it is not possible to submit proposals online)
- Poster to promote the session
- Leaflets
- Attendance Sheet
- Pre-Paid Envelope (to return the submission forms)
- T-shirt
- Pen drive

The guiding documents will be distributed on a pen drive, reducing not only paper printing but more rationalization of resources.

# JUNTOS DECIDIMOS

## And one extra proposal for this year edition:

4) The Lisbon OP is associated with the Lisbon European Green Capital 2020 project with the goal of raising citizens' awareness on the proposals and consequent projects that focus and value environmental sustainability, optimize energy resources and reduce the use of plastic.

The projects resulting from these proposals will be identified with the **Green Seal**, and compete on equal terms with the other candidate projects;

# Thank you for your time !
